

Savings and Loan Platform

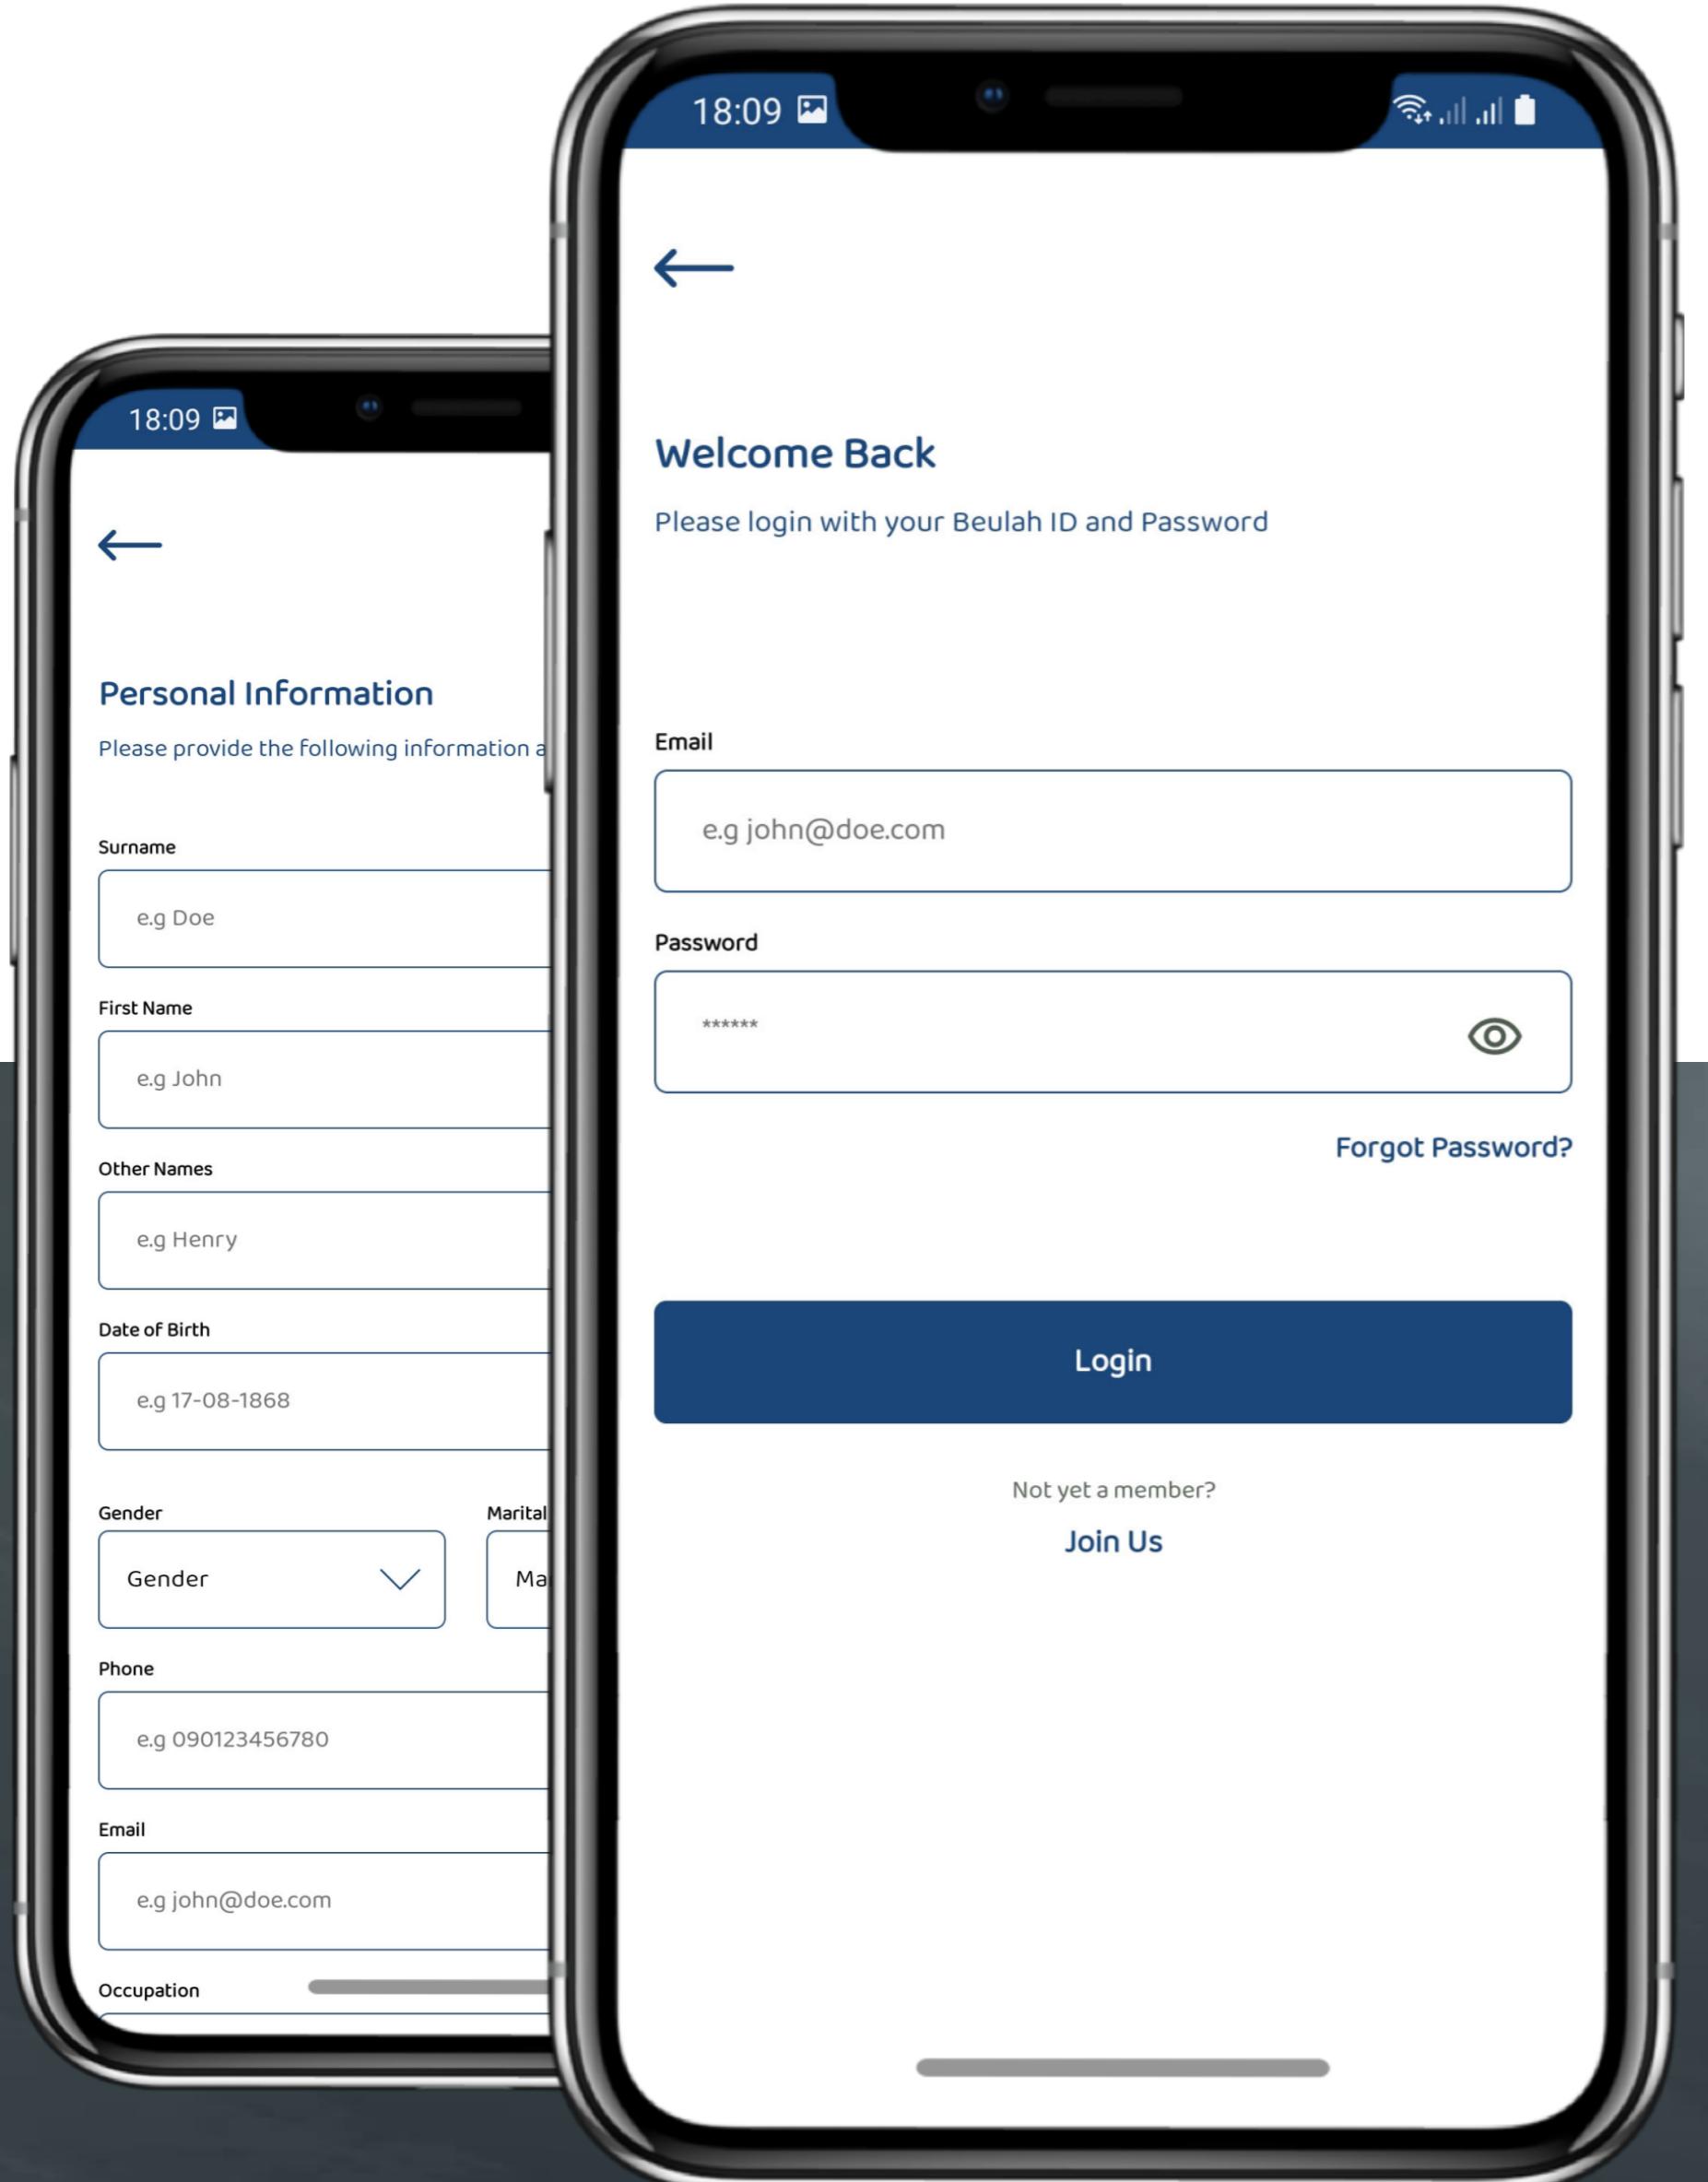

Product Pitch Deck

January, 2022

Our Product (Live Version)

The product has already been built and tested. We used beautiful and simple UI so all customers can interact seamlessly.

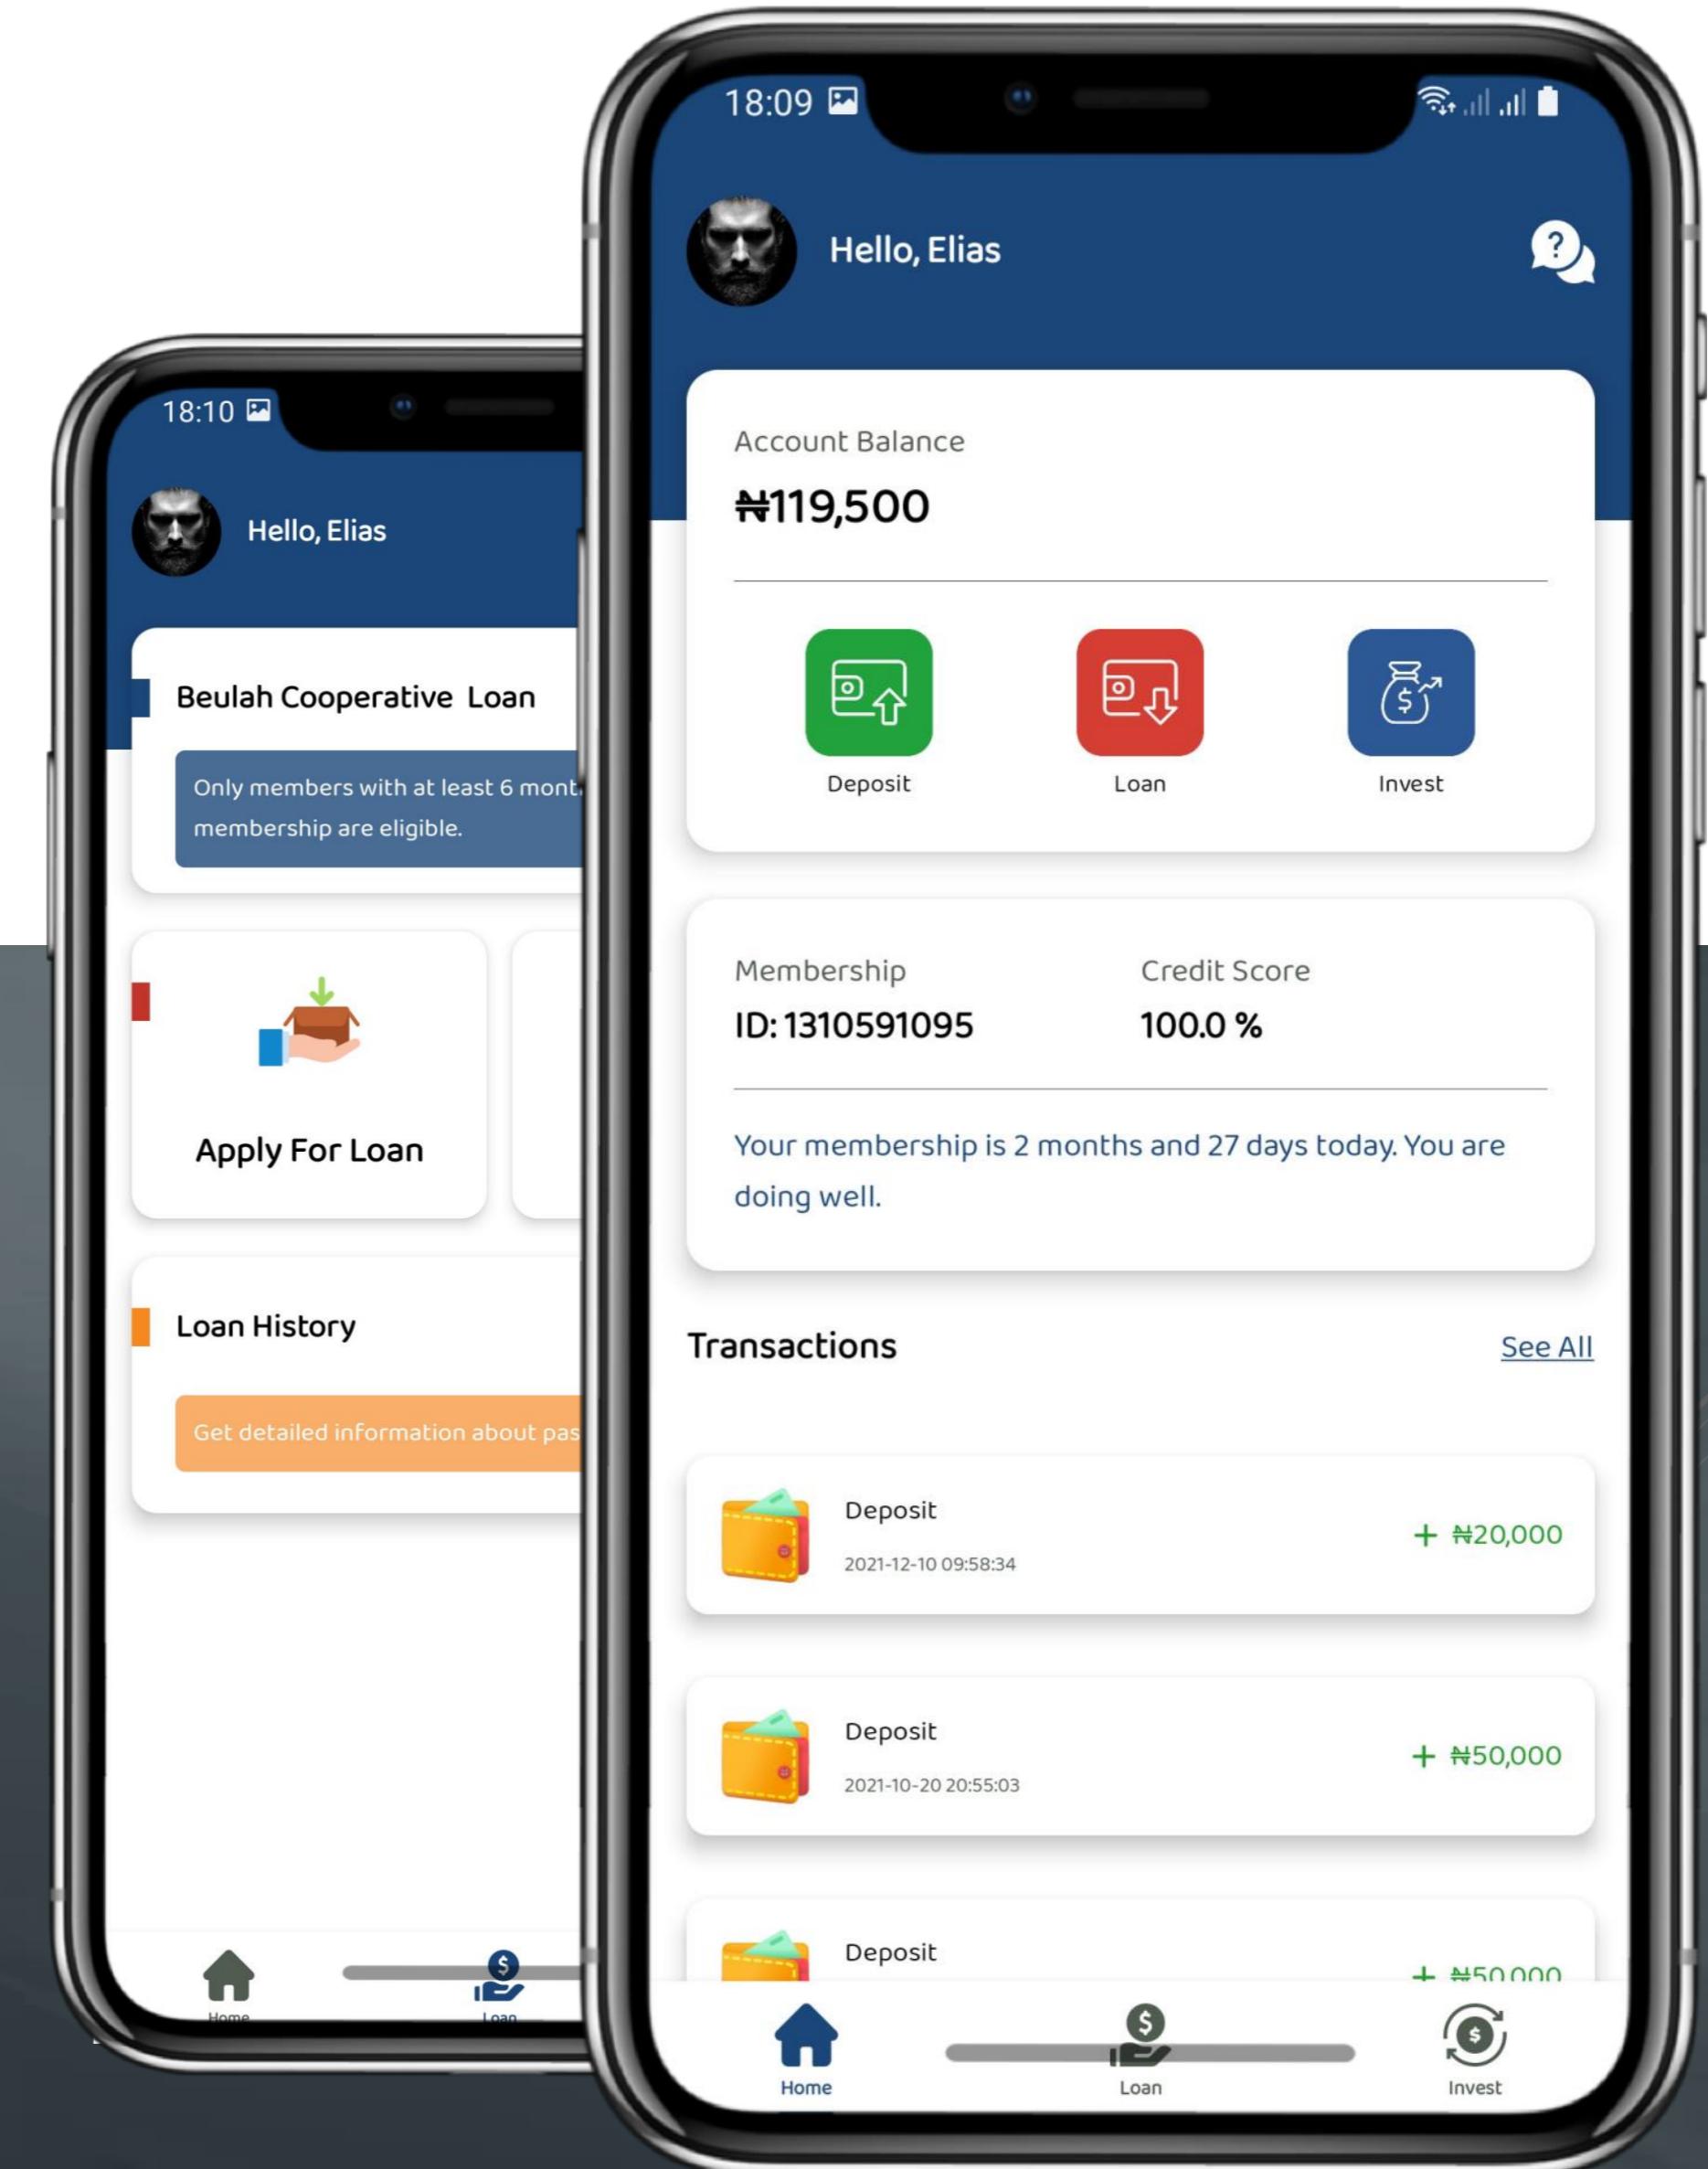

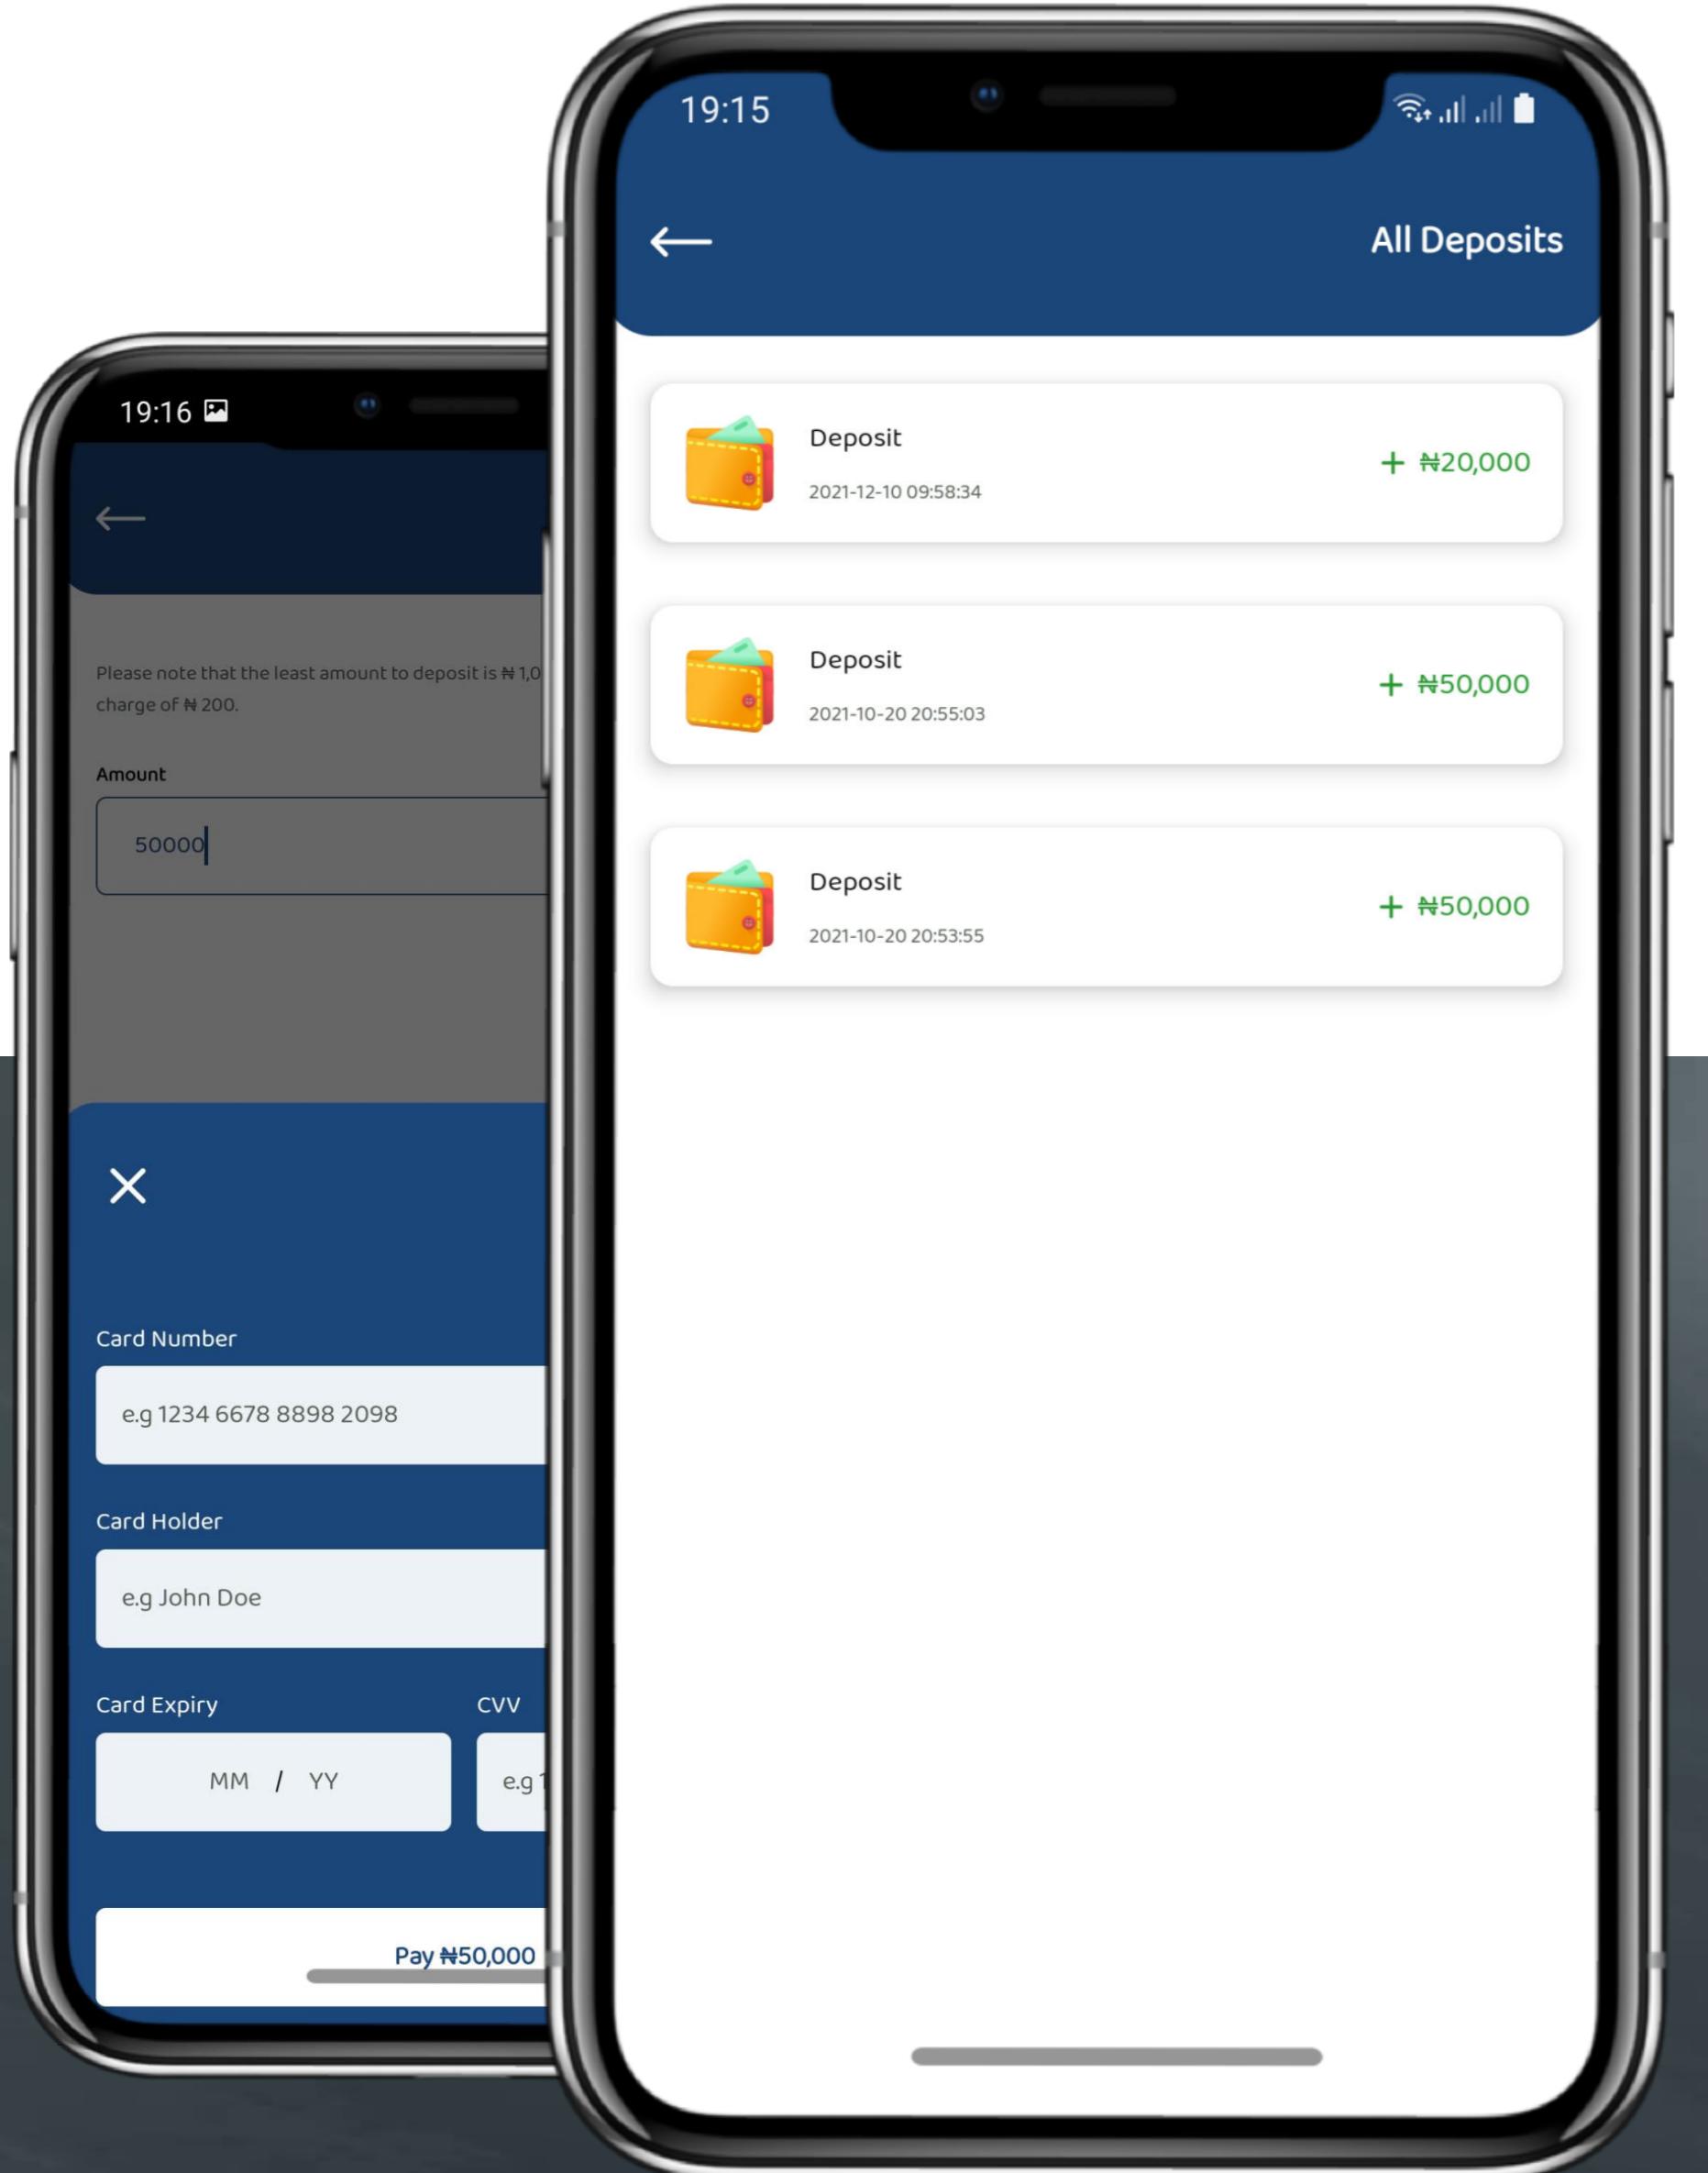

Registration and Login

We made it so intuitive that the registration also passes for KYC left to be approved by the admin.

Clean and Easy Dashboard

We made it so intuitive that the registration also passes for KYC left to be approved by the admin.

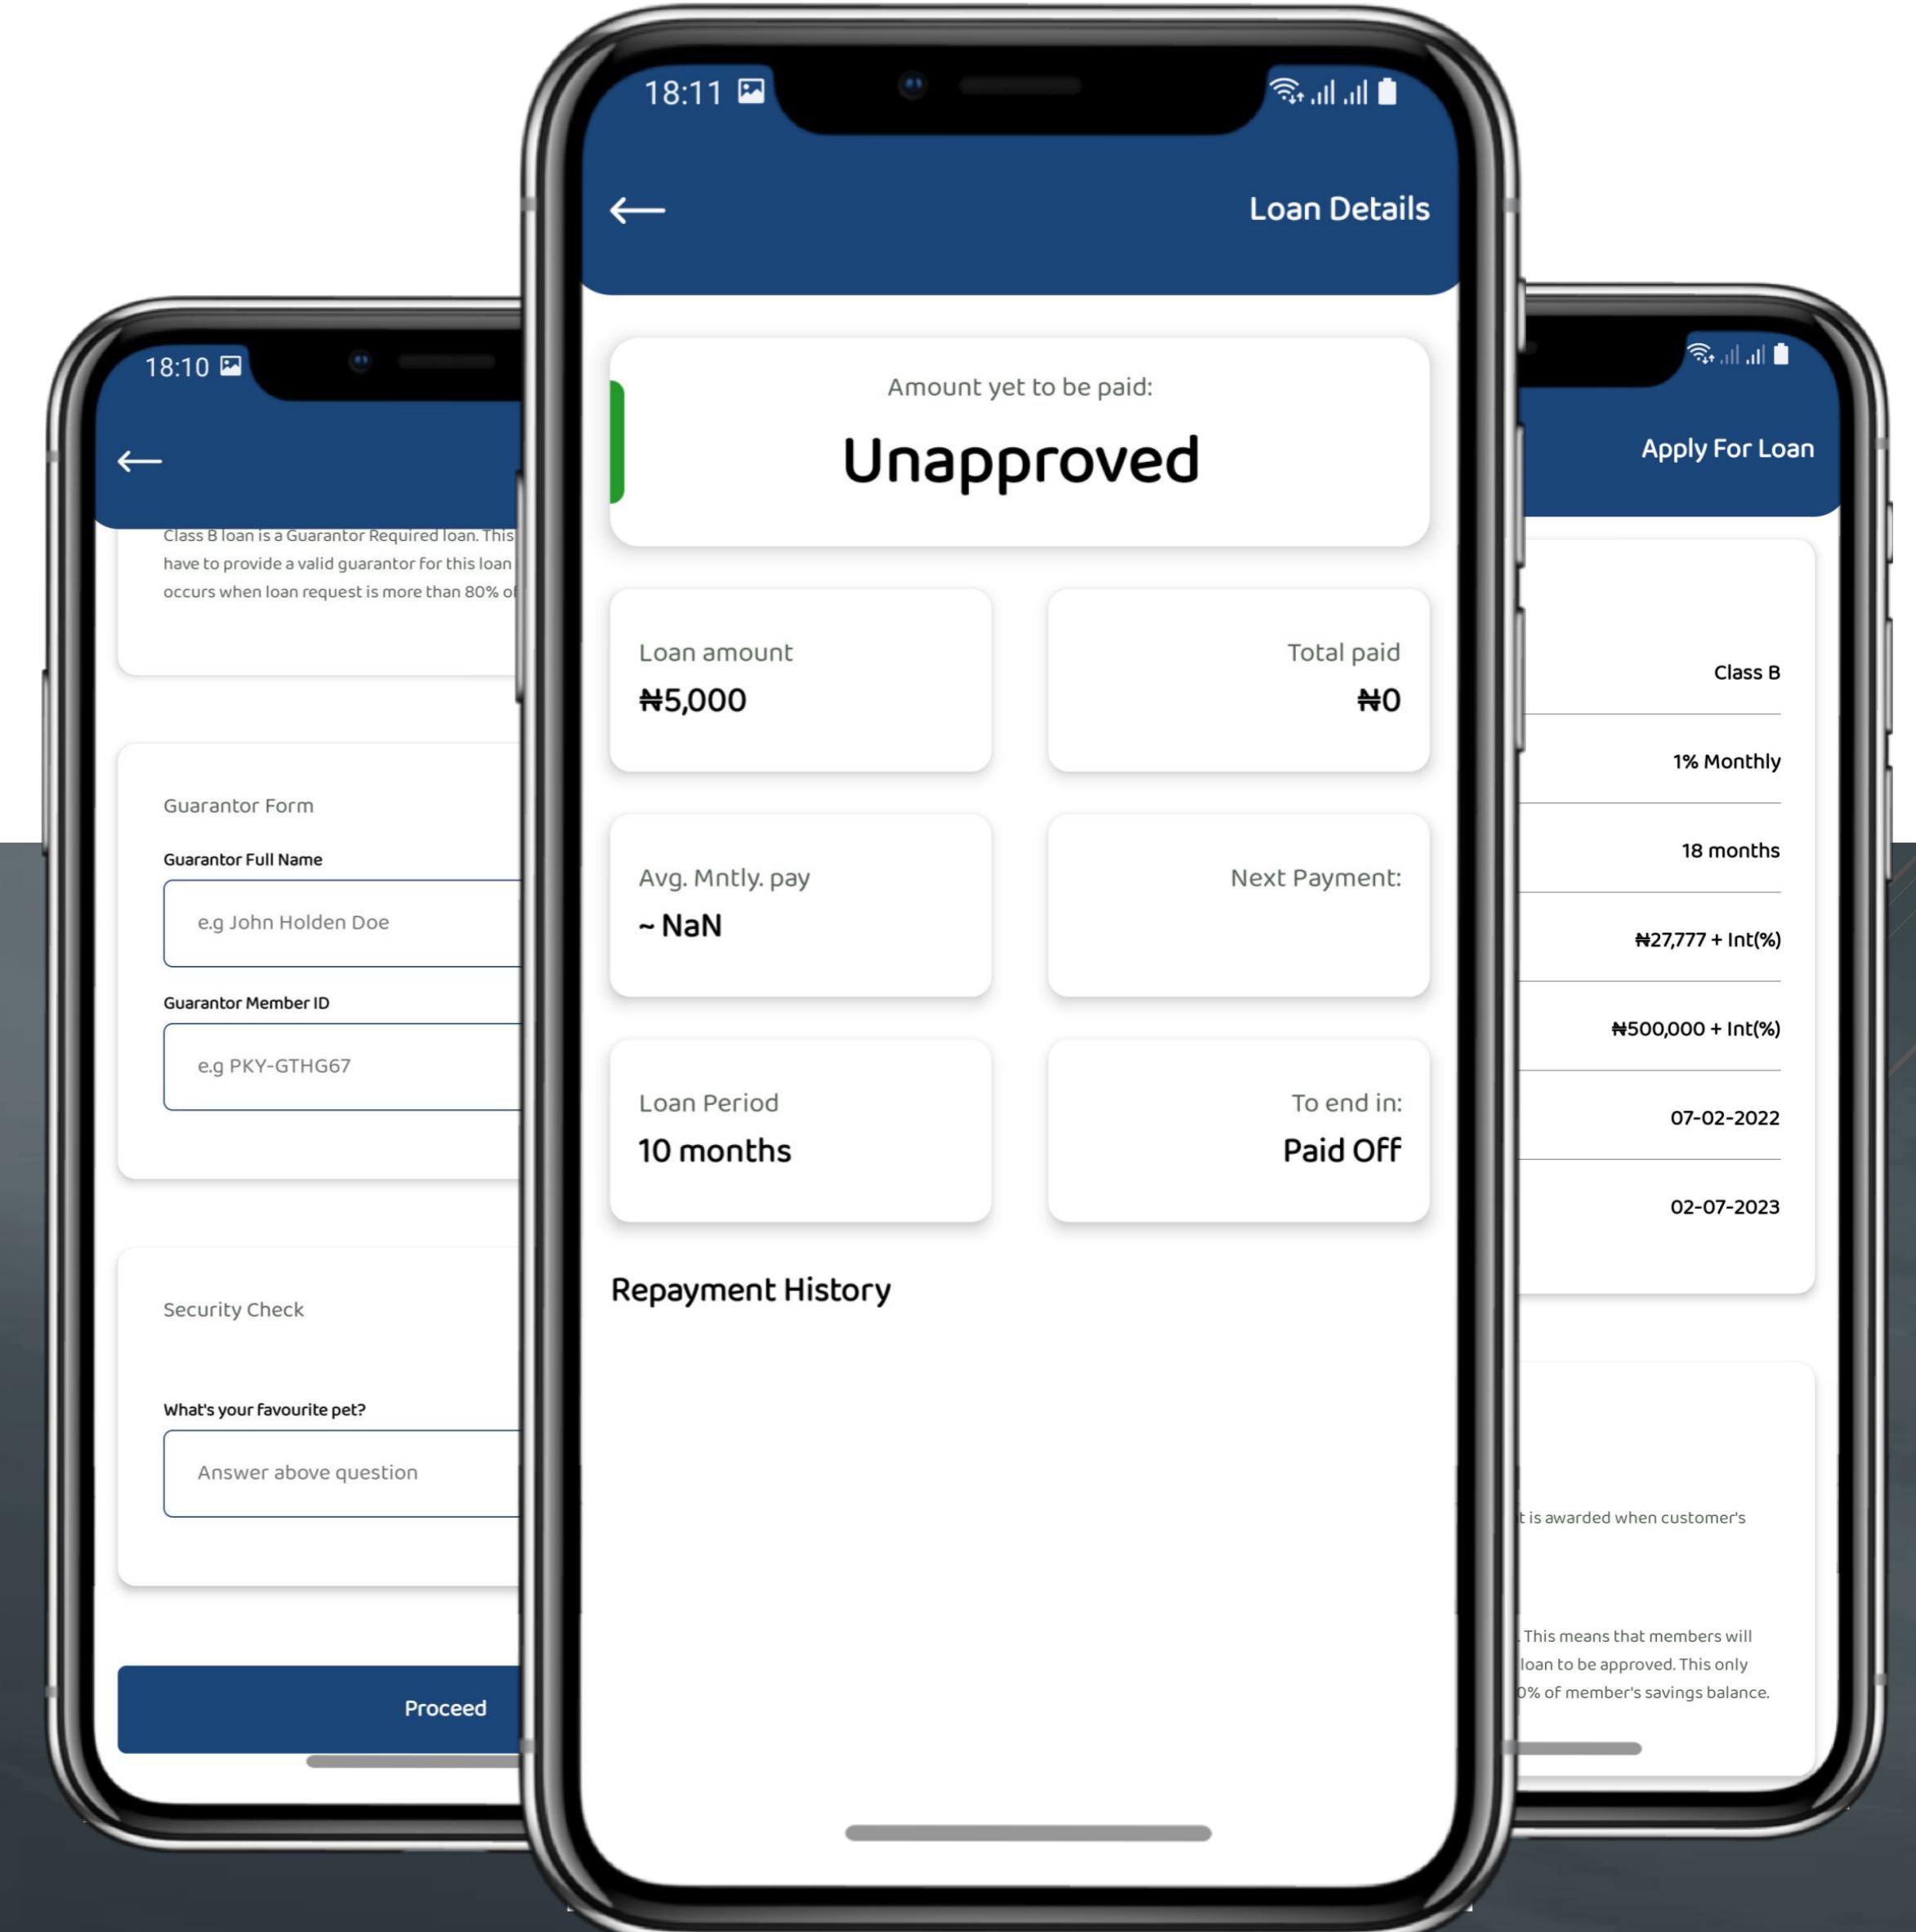

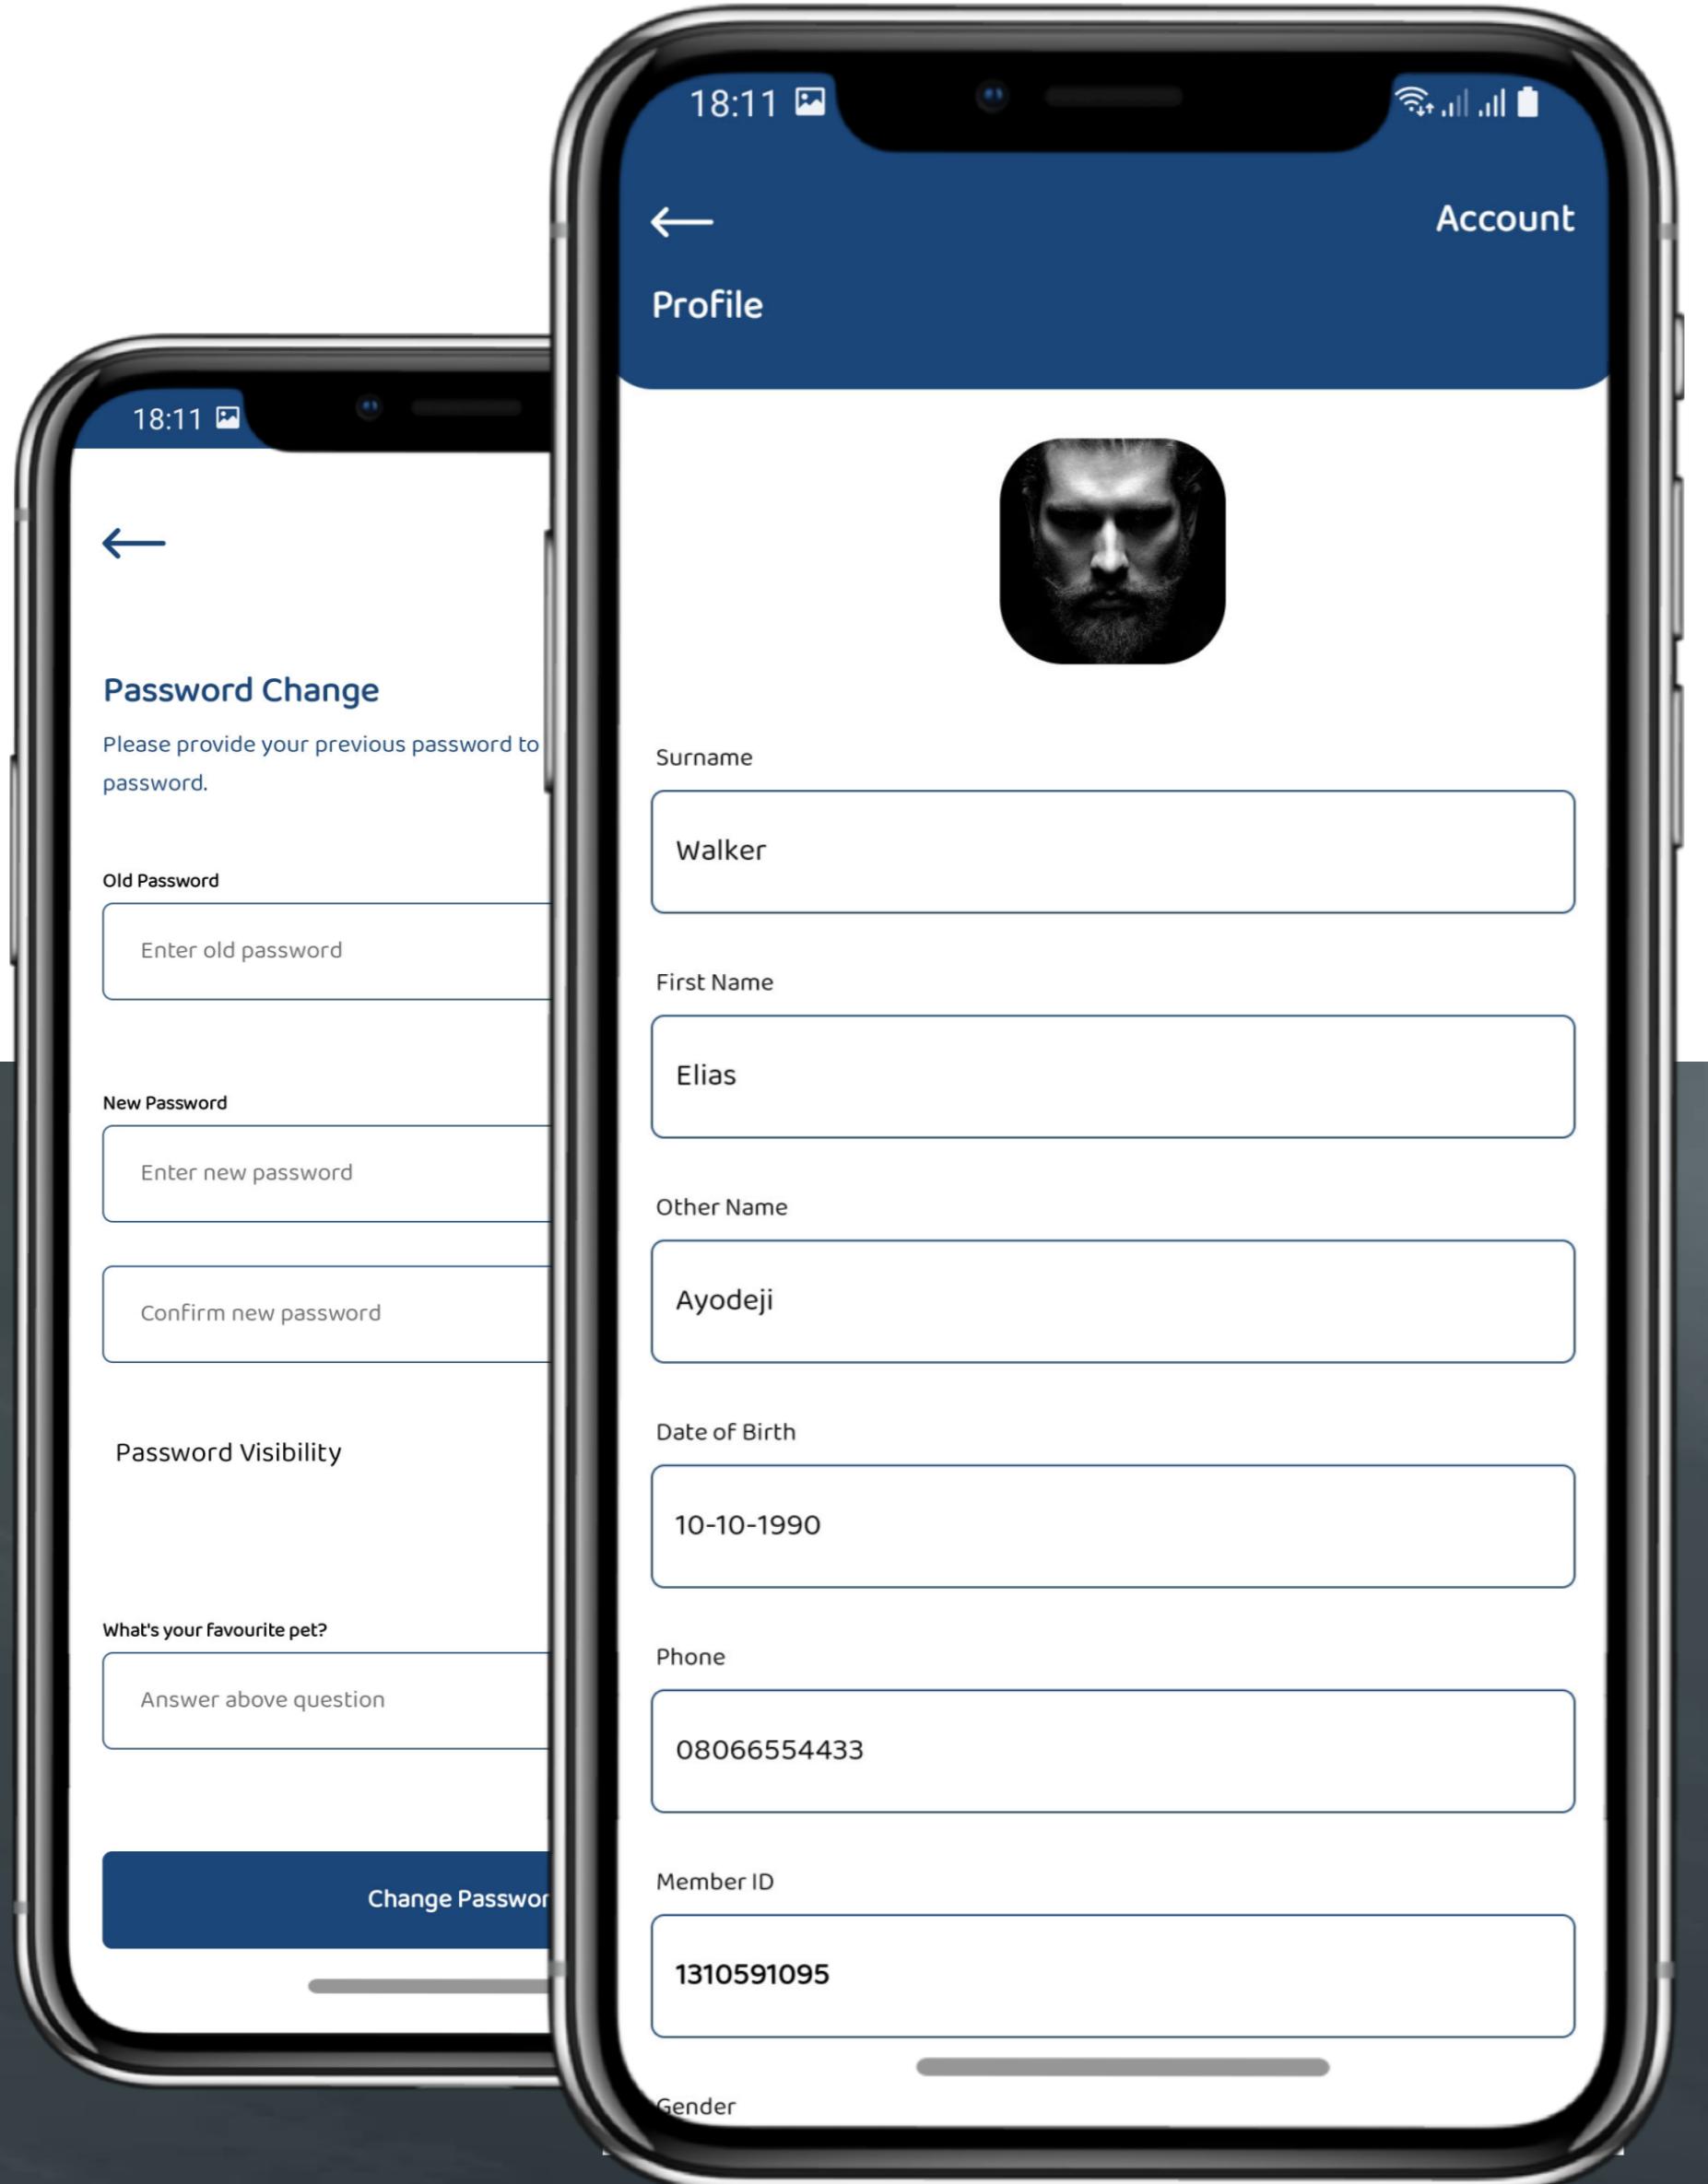

Easy Transactions

Transactions are as easy as typing the amount and card details. Transaction details are also shown immediately .

Loans

Loans are easy to access for all customers
and easy to manage.

Profile and Security

Users are allowed to view their profiles and change only selected data. Multiple security measures have also been implemented.

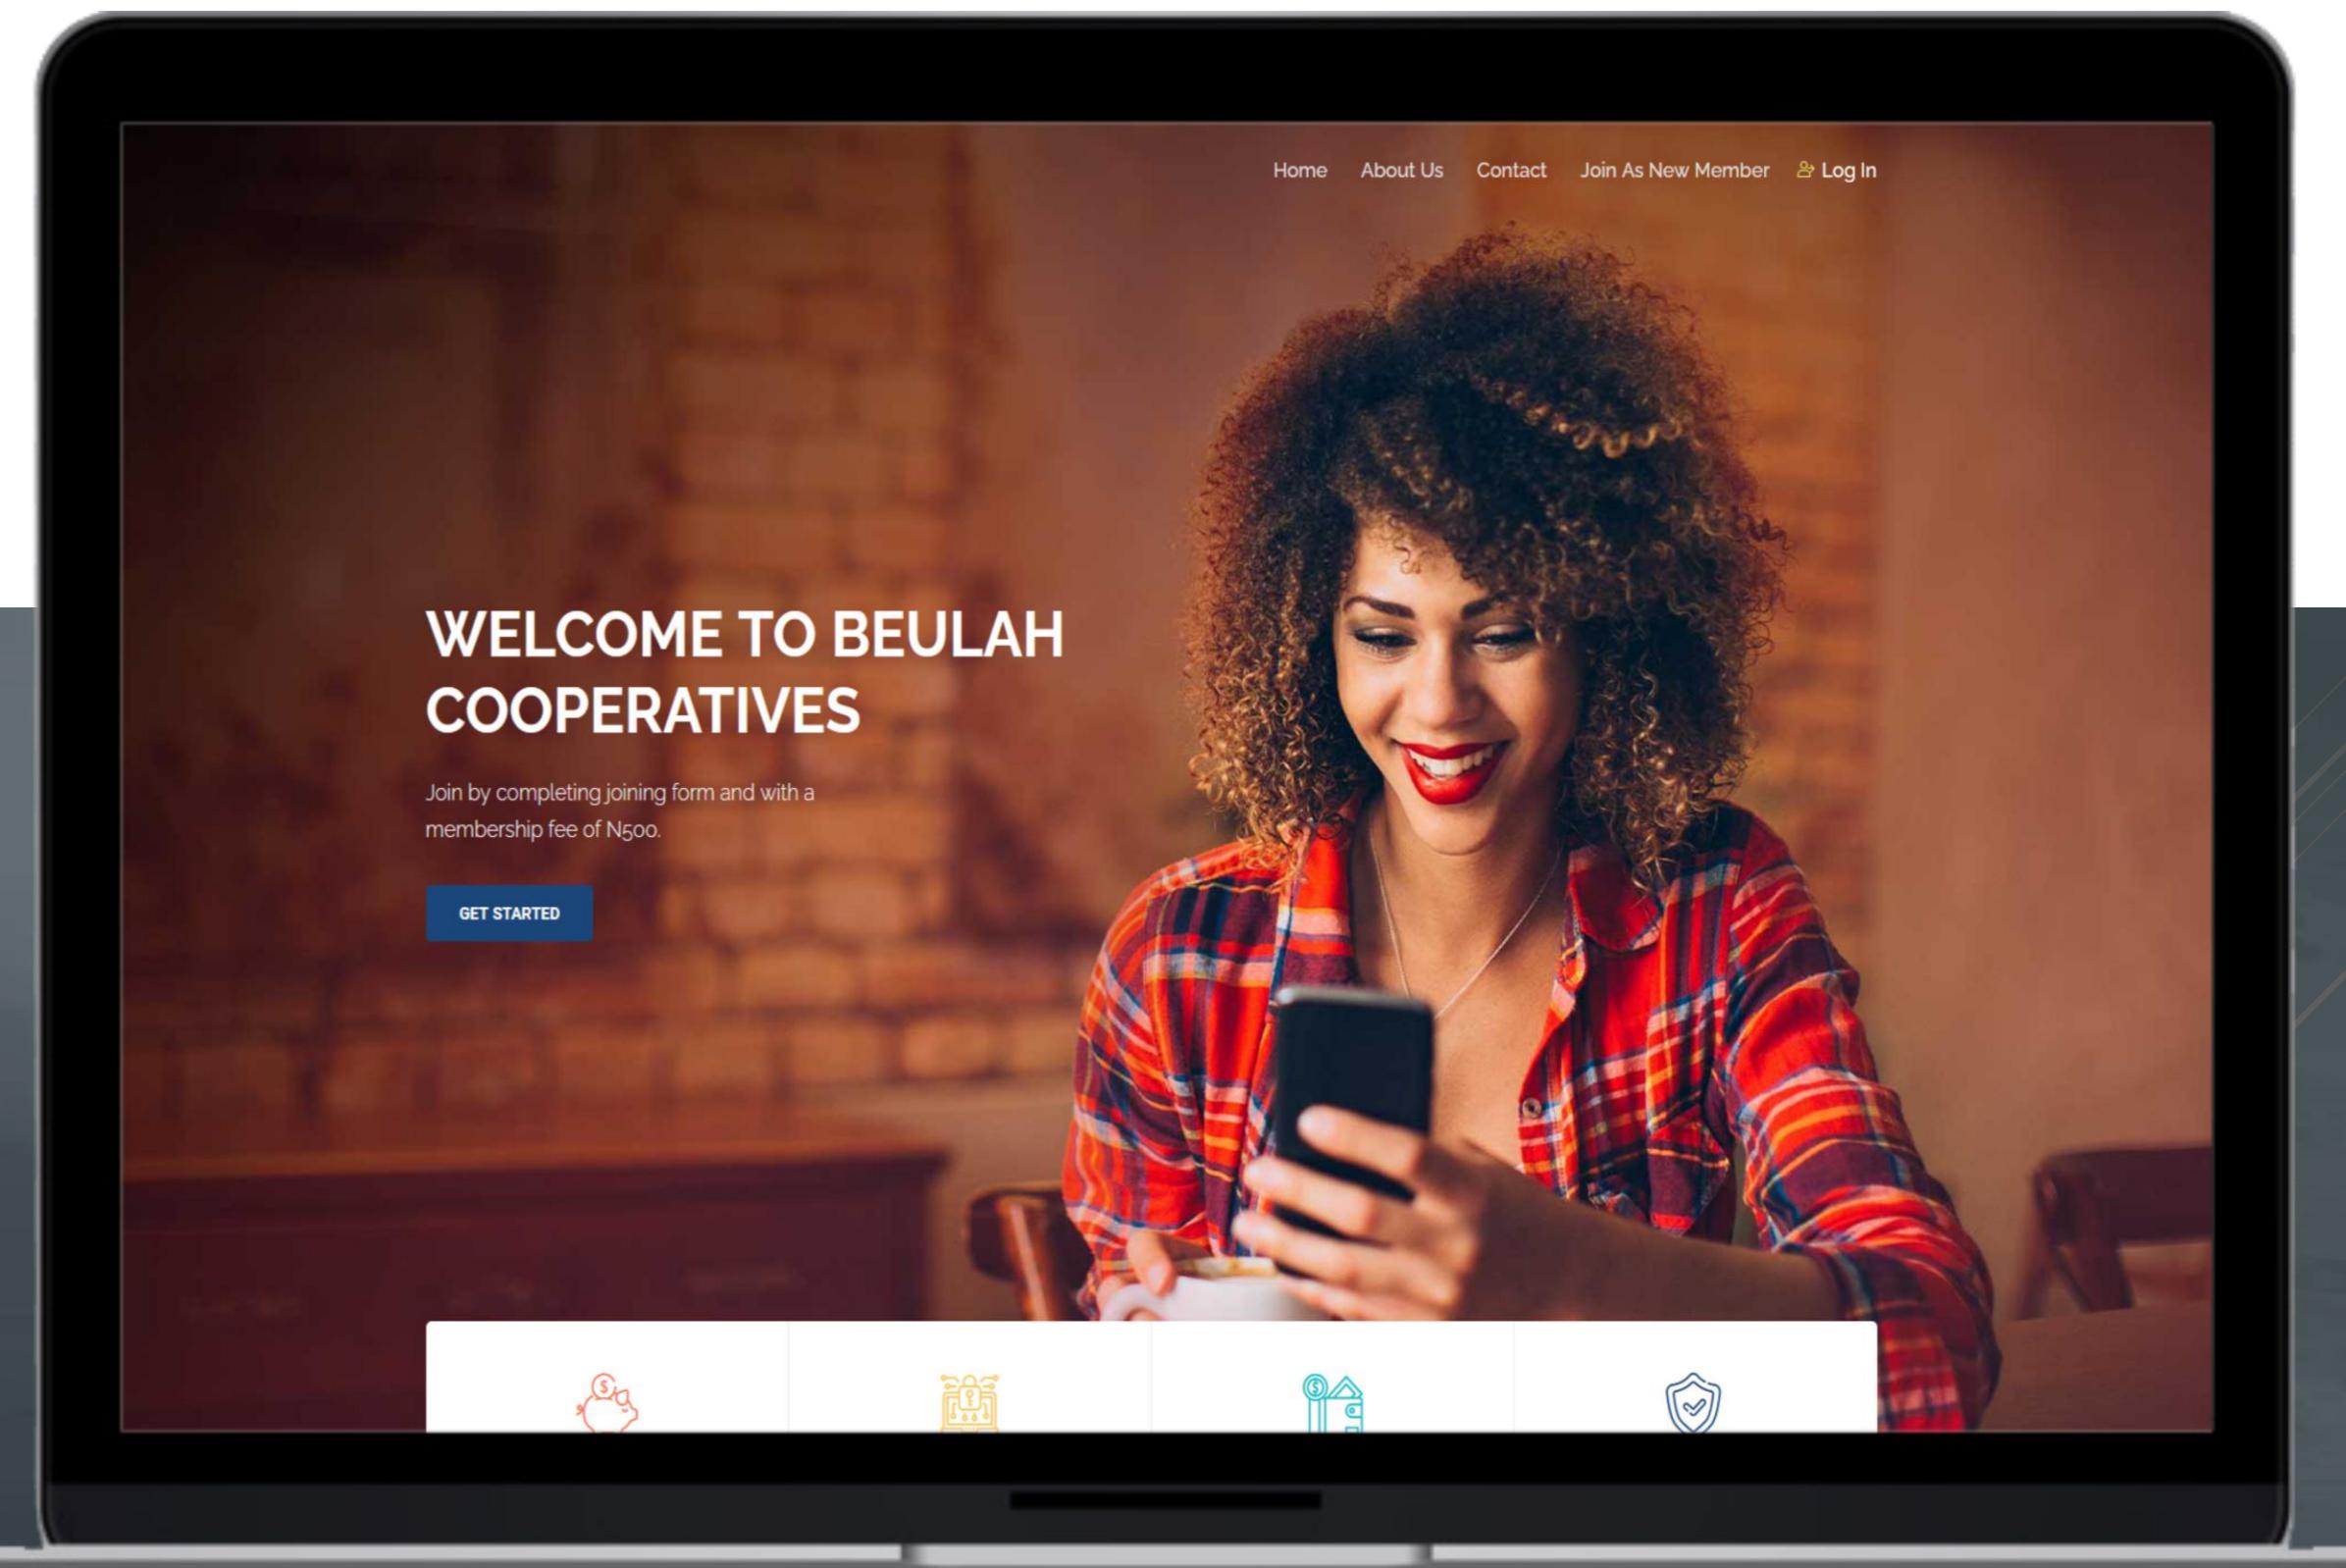

Live Chat System

Users can talk to customer care agents in real time via the support system.

Beautiful Landing Page

We created a beautiful and modern landing page for your new and old members to see and navigate through.

Admin Dashboard

Administrators have overview of all activities
on the platform
